## RESEARCH STUDY ABOUT THE CONTRIBUTION OF THE ARTISTIC CREATION TO THE LOCAL DEVELOPMENT

The CreArt cities are already working on the scheduled Research Study –lasting three years (2012–2015)–, about the contribution of the artistic creation to the cultural, social and economic development of the medium size European cities. This study is being developed in collaboration with the cultural consultancy agency KEA of Brussels, –associated to the CreArt project– that has a great experience in studying and researching cultural issues in Europe. Dedicated since 1999 to culture and cultural industries, it is a leader centre in this field in Europe with important studies in all the European countries.
